RELEVANT WORK EXPERIENCE

May 2020 - Today

Vesta Corporation – Portland, OR - USA
Freelance Graphic & Motion Designer

Created motion graphic video trailers to promote the company's products and help reach their audience.

September 2019 - Today

Keyless Technologies Ltd– London, UK
Freelance Graphic & Motion Designer

Created multiple motion graphic and graphic works (demos, trailers, explainer videos, documents) for this fast-growing tech company to help communicate their world's first privacy-preserving biometric authentication and personal identity management platform.

January 2016 - Today

METID – Politecnico di Milano – Milan, Italy.
Video Creator / Editor / Animator

Worked closely with team members across video production cycle to create 20+ video courses, both in English and Italian, for Politecnico's rapidly growing MOOC platform.

Supervised in-house recording studio activity, equipment and introduction of new methodologies.

Created communication and promotional videos for the university's Ph.D. School, the Electronic, Information and Bioengineering department and a series of 7 promotional videos for the new born campus in the city of Lecco.

October 2014 - December 2015

Digital art director
Consulentia 3.0 – Chiasso, Switzerland

Supervised the restyling of three platforms across all phases, from initial research to UI design and final development; Enhanced my skills in front-end development and Bootstrap framework.

Produced video contents and interviews in support of the agency's social media management activity.
